I am a Full Stack Developer with a passion to learn, grow and thrive. I appreciate simple and functional designs while enjoying user interface development. I enjoy leveraging my skill and experience to thrive for perfection. I'm passionate about technology and interested in developing people's interests in technology as well.

Skills

- Javascript, HTML, CSS, SASS, Typescript, SQL, Java, and Python.
 - React, Redux, Material-UI, NodeJS, Express, REST API, and Java Spring.
 - IDEs: Visual Studio Code, Eclipse, IntelliJ, and Pycharm.
 - Problem-Solving, Responsibility, Time Management. Independent work and teamwork.
-

Education

- Christopher Newport University, Newport News, VA
 - Bachelor of Science in Computer Science, Graduated: December, 2020.
 - GPA: 3.56
 - Northern Virginia Community College, Annandale, VA
 - Associate of Science in Computer Science, Graduated: December, 2018.
 - GPA: 3.83
 - Udacity
 - Certificate of Java Web Developer Nanodegree: Feb 2021.
-

Honors

- CHRISTOPHER NEWPORT UNIVERSITY | Academic Dean's List, Spring 2019 & Spring 2020
 - Northern Virginia Community College | Academic Dean's List and Presidential Scholar 2016 – 2018
